

Vitra

Root Collection

VitrA

We progressively invest in essentially
human spaces - the bathrooms.

The complete bathroom

Exploring physical and emotional needs, VitrA invests in design to produce every essential element in the bathroom.

It's all about inspiration

It all begins with questions posed by the design discipline to understand needs, desires and choices. Designed by VitrA, an extraordinary wealth of attractive combinations help satisfy these needs and desires.

High powered perfection

Seven cutting-edge factories and plants in Turkey and Russia, create sophisticated designs and maintain extremely high standards, whilst progressively reducing VitrA's ecological footprint.

Collaboration with designers

VitrA works with acclaimed industrial designers from around the world. Not only does the collaboration with these top talents improve product functionality, but it also introduces an entirely original range.

VitrA across the world

Bathroom designs greet customers around the world through 2000 sales points in over 75 countries, including 150 exclusive VitrA showrooms in Istanbul, London, Cologne, Moscow, Dubai, Mumbai, Delhi, and other major cities.

Technology lights up the future

The VitrA Innovation Centre serves as the headquarters of the brand's R&D activities with a strong engineering team, leading the bathroom industry with new solutions and technologies.

Improved personal hygiene

VitrA's continuous research into human health introduces new technologies for improved hygiene in the bathroom. These solutions raise the personal hygiene experience to a new level.

A pledge to the future

VitrA embraces Blue Life, a set of guidelines devised to mitigate our impact on the environment, and is held as a production, design and management philosophy.

Root

Root Round

A perfect solution for the bathroom of your dreams

To help you create your dream bathroom, our Root Collection is designed to enhance your space in a smart and modern way.

Specially created so that you can design the bathroom you desire, our collection offers a wide range of product sizes and types to allow for greater choice over colour combinations, units, handles and more. By offering practical solutions for modern bathrooms, our collection combines the appeal of functional minimalist design with choices that can be combined to match your individual needs and taste.

A smart and easy combination

With two different styles and a wide range of products, our Root Collection helps to optimise your bathroom space to match your taste.

Furniture and tap options can be combined with washbasins and WC systems from other collections. The variety of mixer sizes and models offers ease of use that can adapt to different washbasins.

The collection offers functional bathroom solutions with furniture options including doors and drawers. Thanks to its diversity, the collection creates more space in small and narrow areas while also providing a holistic structure for larger ones. The double washbasin unit with four drawers offers an ideal solution for larger families.

Root

Root Round

For those who want to add a personal touch to their bathroom, the modules can be mounted up, down or in the middle depending on your need to maximise your storage space solutions.

Tall units with laundry baskets help prevent bathrooms becoming untidy, while tall units with open shelves provide quick access to your most frequently used items. Round or cabinet mirrors add a sense of depth to your bathroom space.

Root

Root

Root Round

A style that shapes the bathroom

The Root Collection offers two different design choices that harmonise with modern bathroom systems designed to suit all needs and taste.

A seamless look

The Root Round taps, mixers and furniture provide a holistic look with soft lines. The simple design and glassy smooth surfaces help the bathroom cabinets stay dirt-free and be easily cleaned. While the natural wooden drawer cabinets harmonise nicely with the collection's colour palette, they go beyond the expected by adding distinctive detail to your bathroom. This collection combines perfectly with Zentrum and Integra washbasin units and WC pans.

Root

Root Square

A clear vision

The Root Square Collection offers a clearer look with geometrical tap, mixer and furniture designs

The furniture in this collection appeals to those who want to bring the warmth of wooden tones into their bathrooms. Bathroom cabinets in light and dark wooden tones create a stylish and natural contrast with the anthracite drawers. This collection combines perfectly with Zentrum and Integra washbasin units and WC pans.

Elegant colours

The Root Round Furniture Collection perfectly completes the bathrooms with high gloss white, high gloss anthracite, high gloss Sahara beige and glossy pearl grey.

The Root Square Furniture Collection, brings the relaxing effect of wood into bathrooms with walnut and natural oak colours.

Handle options come in black, chrome and white, reflecting the collection's holistic and minimal approach to design.

The mixers come in chrome, gold, copper or brushed nickel colour options to complete your bathroom furniture to perfection.

Root

Root

Root Square

Tidier bathrooms

The Root Collection is designed to meet your every need. Cabinets and drawer units help you store all items in a tidy and organised way.

Repositional partitions inside the drawers enable easy organisation of items such as hair dryers, brushes and curling tools, avoiding an untidy look. The proportions of the lower drawers have been optimised through ergonomic tests to provide an ideal space for cleaning products to be stored securely, thanks to the smaller sections within.

Storage spaces for smaller bathrooms

Washbasin units with cabinets and drawers, tall units and additional modules specially designed for tight spaces, bring functional solutions to even the smallest bathrooms.

The collection provides flexibility in bathroom design, especially by providing useful solutions for smaller spaces with various depth options. In addition to the 46 cm deep washbasin cabinets, it offers various dimensions for 28 cm and 38 cm depth options too.

A perfect complement

Taps and mixers appeal to different tastes and usage preferences by offering flexibility in design for washbasins, WCs and showers with a range of sizes, styles and colours.

They retain their minimalistic design with both curved and sharp lines, while being distinguished with special colour options.

Each piece in the collection is coated using a special technology to preserve its colour for years.

Design your bathroom step-by-step

The ideal solution for your dream bathroom in 3 steps

The Root Collection, allows you to design the bathroom of your dreams in just three easy steps.

- 1- For your desired bathroom design, first decide on your preferences for washbasin, tap and washbasin unit from rounded and squared alternatives, then combine your choice of colours.
- 2- The right size for your washbasin and washbasin unit can be defined according to the area of your bathroom, followed by the height of your preferred tap.
- 3- By completing your design with a mirror, a tall unit, mid unit and tap, the perfect solution for the bathroom of your dreams will become a reality.
